## September 2019 Staff Traffic Status Report

N. Wayne Ave/Poplar Ave/West Avenue Pedestrian Improvement Signal project	<ul style="list-style-type: none"><li>• DCED MTF grant awarded; construct signal and pedestrian improvements at intersection</li></ul>	The design contract has been awarded to Gilmore and Associates. Pending multi-agency reviews, lead time for signal equipment, construction anticipated in late 2020. This project is funded by a DCED MTF Grant and General Obligation Bond Issue.
Walnut Avenue Triangle Intersection discussion	Powerpoint was completed. Steve Norcini advised not to place a tree in the triangle due to possible site obstruction. A site visit was planned prior to any installation. No site visit was performed. Mr. Velunti planted a tree regardless of the recommendation of Staff Traffic Committee and Steve Norcini	The Superintendent and Engineer visited the site. The outcome was that the resident should have the petition passed through the neighborhood(street determined by PD), to gauge overall resident opinion on the plan. It was also noted that delivery trucks, hereby southbound North Wayne, turn onto Walnut, will cause the proposed island to be smaller.
King of Prussia Rd & Eagle Rd intersection improvements	Submit joint application for DCED MTF grant with Cabrini & Eastern for left turn lanes on King of Prussia Road at Eagle Road/Pine Tree Rd	Funding requested in 2019 Capital Budget. Grant received, awaiting for capital budget approval. The Township is issuing general obligation bonds to fund this and other projects.
