Thank you. From our Wayne Music Festival team, we are so appreciative of the teamwork displayed by Radnor Township Police, Public Works, Fire Department and Radnor Township to ensure for a safe, successful and fun day for our community. There is absolutely no way we could put on such a world-class event without the coordinated efforts of all involved. On several occasions throughout the day, I was complimented on the efforts of your teams and how wonderful it is that we all work together to put on such a great day of music and giving back for our town.

Cheers to everyone involved! It truly takes a village!!!

Hi Chief,

A big thank you and congratulations to you and your team for Saturday's Music Festival. I was volunteering into the evening and as always, you and team did such a great job of allowing the crowd to have fun, while ensuring everyone was safe and responsible (plus the awesome RHS lacrosse escort!). Thank you for making Wayne/Radnor such a great place to live. The information in this email, and any attachments, may contain confidential information. THANK YOU LETTERS

Thank You from ARES of Delaware County for Field Day Support!

Created by Chris Kelleher (Jun 27, 2022 00:00), last edited by Chris Kelleher (Jun 27, 2022 14:17)

Hello,

Just wanted to thank everyone from ARES and Citizen Corps for all your assistance with the ARES Field Day at the Radnor Township building. We had a very successful event and wouldn't have been able to do it without the help. Also like to thank Chief Christopher Flanagan and Radnor township for allowing us to use their location for the exercise.

We were able to have 2 HF antennas strung up in the trees (a Chameleon EMCOMM-III and MFJ-1778 G5RV), an HF vertical whip (Chameleon MPAS 2.0), and a UHF/VHF vertical on a 20' mast all up in about an hour start to finish. We were able to quickly identify where to get everything setup to effectively make contacts in all directions.

This allowed us to have 3 HF stations on the air: Rich's HF, my Go Box ICOM 7300 HF, and one of the yellow Go Kit (Yaesu FT-857) HF stations on the air, with various additional Go Kit radio stations available as backup. Rich also had his Go Kit ICOM 5100 on VHF/UHF, and I had my Go Box ICOM 9700 as backup.

We had several visitors on Saturday, including a brand-new amateur operator who just passed his FCC exam that morning. While he was there, we had a visit from Bob Famiglio, our Atlantic Division ARRL vice-president and Delco ARES supporter. Bob took the time, along with Tammi Maciolek, ARES member and DES Special Operations representative, to assist our new ham with selecting options for mounting an antenna on his Jeep. He already had CB installed, and his Jeep's roof isn't an option for a magnetic mount.

We also had a family who had just returned from the shore, but came over to visit with their 10-year-old that had saved up to get his first handheld transceiver and wanted to get his license. He was able to make a contact with a station located in Colorado while there with the assistance of one of our operators. We love to see this kind of excitement in radio from younger people, as we need to grow our supporters and volunteer base.

On Sunday it was quieter overall, but just as productive. We got visits from Senator Amanda M. Cappelletti (D-17 Montgomery/Delaware) and Senator Timothy Kearney (D-26 Chester/Delaware).

Bob Wilson, the ARES Section Emergency Coordinator (SEC) for Eastern Pennsylvania (EPA), visited and put up his station in order to send a Winlink email message using radio RF to our Section Manager, George Miller for field day. He had issues with the Audubon location which was closest, but was successful in using the location just over the Delaware state border.

One of our short term goals for Delaware County is to get our ARES Winlink station repeater, W3AEC-10, back in operation again in order to have better digital messaging coverage here in the county.

As an ARES group operating at an EOC with 3 HF stations, we were classified as a "3F" station for field day, and used the W3AEC call sign. We made about a dozen contacts each day to locations throughout the US and Canada, however our goal wasn't to accumulate the most contacts or points.

Some of our goals were to be able to deploy with using just ARES & personal equipment not depending on resources from our DES or community agencies. We wanted to be able to operate off of battery power to make contacts. We also had the plan to go out without a pre-planned setup, and to be able to setup and operate just as if it was a real emergency call out. Finally we wanted to learn more, not get too stressed out about anything, and to have a fun and safe event. We certainly achieved that.

We probably ended up bring more backup equipment that we needed, but we are confident we were properly prepared. The only thing we need to add to our shopping wish list would be some more coaxial cable, and matching team shirts/vests, which are all pretty easy items to handle.

Thanks Again!

Dear Superintendent Flanagan,

Thank you for speaking with me this afternoon, and for sharing this form. Your support of Radnor High School over the past month has been outstanding. We are so fortunate to have such a dedicated group of men and women serving and protecting our schools.

We will share this form at our meeting on Tuesday morning with our faculty and staff. Each department at the high school will be asked to gather feedback for RTPD. Once we have it in hand, we will reach out to set up a meeting.

Thank you again.

With sincere appreciation,

Lt. Pinto,

We can't thank you enough for the time you took today to speak to our staff members. The fact that you came to present four different times speaks volumes to your commitment to the safety of our school. Our staff was so appreciative that you took the time to answer any questions they had and explain what a Radnor PD response would look like to an active shooter event.

You're a huge asset to our Threat Assessment Team! Your knowledge and expertise are so valuable to our team.

Thank you again!

Sincerely,
Doug

Hi Superintendent Flanagan,

I just wanted to send along my congratulations to your newest officers. Please let them know they can stop by anytime and I'd be happy to show them around.

Also wanted to thank your team for taking such good care of our building when the alarms go off at night. I really appreciate the attention everyone gives to the Library's safety.

Hope you have some great things planned for the summer including a good book! Summer Reading kicks off for us this month and we're all excited.

Best,

Joyce

I just wanted to quickly reiterate Lisa's sentiments. I truly appreciate you all actually coming to our neighborhood to discuss/see our concerns and am so grateful to live in a Township where that can happen. The "small town USA" feeling in Radnor is special and you all play a large role in that. We are just a group of neighbors, parents, grandparents, etc. trying to build on that feeling and make sure everyone can enjoy our community safely.

I believe the intersection improvements and enforcement yesterday were seen as movement in the right direction by the neighborhood and I look forward to working with you on ways to further address our challenges. Please let me know if there is anything at all I can do to assist in this process. Truly, thanks to all of you for the work you do for the Township and its residents. I worked for the Mayor of Lancaster for awhile, so I know firsthand the steady stream of requests citizens make of their leadership and appreciate you hearing ours out.

As for the petition, my vote is to wait. I've realized that this area becomes sort of a ghost town in the summer.

Stay dry,
Kate Fell

Good morning, all,

First, I can't thank our Staff Traffic Committee more for their help and support on this project. I am grateful to Officers Stainsen, Lacey, and McHale for their support as well as the Chief. To dedicate the resources you did for more than an hour on Tuesday is really a testament to how serious you are taking this issue and the concerns of the neighbors. We truly had all the experts on site and I am grateful for your considerable attention to the matter.

Second, Steve, thank you for your thoughtful responses below and for your knowledge and experience as we seek solutions. I know everyone is using all resources available to address the problem. Thank you to Public Works for enhancing the intersections.

The conversation will continue. I'm going to take a look at the islands the Chief mentioned. I know Kate has already checked them out. In the meantime, I thank the police for planning the additional speed/volume study this September.

I think we might want to hold on the sidewalk petition until fall since it does have a 30 day window and I wonder if a lot of neighbors who we would want to have sign will be away during the summer? I'll let Kate, Megan, and Julia advise. Sidewalks are not out of the realm of possibility, as Steve mentions, I just wanted to provide a realistic view of a potential timeline and some of the challenges which would need to be overcome.

Thank you to everyone who is working hard to find solutions to the pedestrian safety issues.

Gratefully,
Lisa

Dear Superintendent Flanagan,

I want to first start off by saying thank you so much for the endless service, protection, and safety you provide the department and our community. I am very grateful that I had this opportunity to work alongside this department, and learn new knowledge on every aspect of everyone's job. Before beginning my internship, I had a slight basic knowledge of law enforcement work and never really put my interest into it. What I have learned about being a part of this internship, is that everyone in this department can have fun and make the best out of their day, while still performing their job to their best abilities. I admire seeing videos on the social media pages of you talking about what is going on in the area, insight of police work, or what the department is doing in order to help protect and serve the community. Thank you for being so kind and being a person to look up to. I value the time I have spent here and hope I can be here more in the near future. I wish you the best of luck everyday and as always, be safe!

Chief Flanagan,

Just a quick note of gratitude for you spending a chunk of your day with Beaupre the other day. It meant a lot to be heard and have a thoughtful conversation with you all. I have gone to see the circle/medians we discussed and think they are a great idea. We really appreciate all you and your team do for Radnor!

All the best, Kette Zell

Dear Superintendent Hanagan,

I would be remiss if not to thank you and your officers for the support you provided to all the participants of the 2022 Memorial Day Parade and Service. Please pass my thanks to your team.

It was an honor to be selected as Grand Marshall ... and also very special to have our son Christopher as driver for the day.

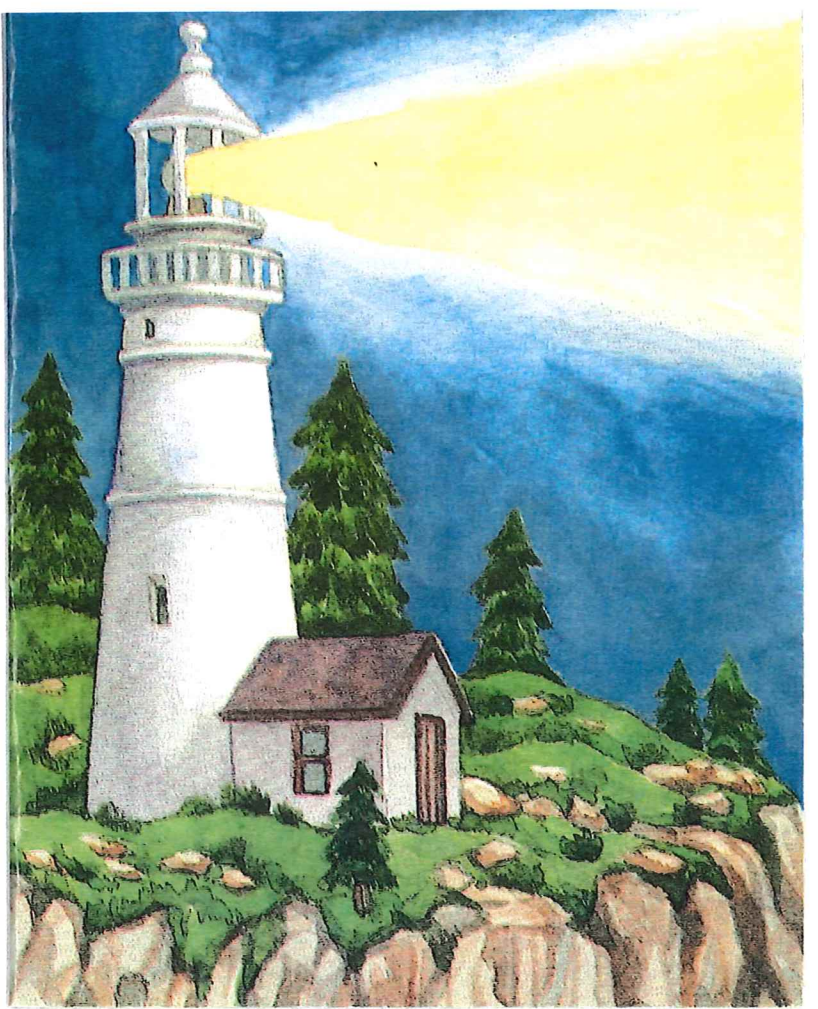

The weather was perfect and the Badger Community participation and turnout was noticeable and heartwarming.

Sincerely,
