QUESTION(S) ABOUT COMMUNICATIONS FROM TOWNSHIP AUDITORS

QUESTION: I received correspondence about a Business Tax audit from an entity other than Radnor Township. Is this legitimate correspondence?

ANSWER: Radnor Township currently works with three outside auditing firms that assist with determining whether taxpayers are in compliance with the Township's Business Privilege and Mercantile Tax Ordinances. Those entities are John P. McCarthy & Co, CPAs, Veritax, Inc., and e-Collect Plus. Auditors may correspond with taxpayers in order to perform audits, obtain financial information, and ask questions to determine compliance. However, if you have any doubt or concern as to whether communications from the Township or its Auditors are legitimate, you can call the Business Tax Office at 610-688-5600, ext. 186 to confirm.

Please refer to the Township's Business Tax Regulations for more information on Audit Procedures and Communications.
