### **General Programming and Events**

Programming and event fees are determined and allocated on an ongoing basis as they are planned. Specific programming and event identification remains under continual development, generally on a seasonal basis and once applicable direct costs are determined. Fees for those specific programs and events are set to cover the direct costs along with attempting to recover the associated overhead for the corresponding program or event. In most circumstances, the direct costs of programming and events are not incurred unless the proceeds collected cover those costs. The Recreation Department determines the fees for programming and events on an ongoing basis throughout the developmental process.
