

# QUICKBALL FALL 2023

Quickball is a dynamic curriculum-based baseball/softball developmental tool using a patented ball and weight-balanced bat. Fast-paced and additively fun, it hooks kids and their families and keeps them engaged, focusing as much on why you play as on how you play.

This entry-level Quickball program is designed for those first being introduced to the games of baseball and softball. With more activity and less standing around, Quickball will help young players and their families fall in love with the greatest game ever created! Learn more about Quickball at [www.el1quickball.com](http://www.el1quickball.com).

## Registration & Program Information:

### 3-4 year old players:

- **DESCRIPTION:** Focus is on motor learning and building of basic skills such as catching & throwing, batting, and running the bases through a rotation of various drill stations
- **SCHEDULE:** Mondays: 9/25 - 10/23  
4:30-5:30 PM

### 5-6 year old players:

- **DESCRIPTION:** Focus is on continuing the practice of basic skills such as catching & throwing, batting, and running the bases while also incorporating game play
- **SCHEDULE:** Thursdays: 9/28 - 10/26  
5:30-6:30 PM

### 7-8 year old players:

- **DESCRIPTION:** Primarily game play with some time spent practicing skills and drills
- **SCHEDULE:** Thursdays 9/28 - 10/26  
5:30-6:30 PM
