

Bernard S. Panzak, Jr. RLA, ASLA, LEED AP

Title:	Principal, Glackin Thomas Panzak, Inc.
Education:	Bachelor of Science in Landscape Architecture Pennsylvania State University
Professional Registration:	Registered Landscape Architect – Commonwealth of Pennsylvania
Professional Affiliations:	LEED Accredited Professional American Society of Landscape Architects Main Line Builders Association Cheltenham Township Shade Tree Advisory Commission (Member 1999 to present; Chairman 2004 to present) Cheltenham Township Open Space Board Institute of Classical Architecture & Art

Mr. Panzak's professional experience includes a wide variety of private and public sector work. He is responsible for land planning and landscape architecture designs for large-scale residential and institutional planning projects. In addition, he provides testimony before municipal boards and commissions at public hearings.

His project experience includes landscape architectural designs for corporate headquarters; national historic sites; colleges and universities; religious institutions; residential and commercial developments. For much of this work, Mr. Panzak actively participates on multi-disciplinary teams from the schematic design phase of the project through to construction observation.

Mr. Panzak has devoted significant professional attention to the art of estate and residential landscape architecture and garden design. For this component of firm work, he is the practice leader. Mr. Panzak is also an expert in planting design, possessing the talent for combining the full spectrum of the planting palette. His specialty is combining both architectural and planting elements into dramatic and original outdoor spaces. He has designed multiple award-winning gardens at the Philadelphia Flower Show over the years.

For all manner of project work, beautifying and securing the nighttime environment has been crucial. Mr. Panzak has successfully combined the art and science of lighting design for many built projects in the region. Several examples of completed work include: Saint Joseph's University – Maguire Campus, Lankenau Medical Center – Heart Pavilion and Campus Redesign, Friends' Central School, Maybrook Apartments, Kohelet Yeshiva H.S., Baldwin School, Bryn Mawr Hospital, and the St. Honoré Community.
