# Township Manager's Recommended Comprehensive Budget

Radnor Township, PA

October 25, 2018

Members of the Board of Commissioners and Stakeholders of Radnor Township:

The Administration respectfully submits version 1 of the 2019 Comprehensive Annual Budget. This document includes an appropriation budget for all township funds for 2019 and an updated 2019-2023 capital improvement plan. It is important to note that the legal requirement of adopting appropriations is limited to the 2019 figures only. The forecast information is for informational and decision-making purposes only.

The financial information included in this document is presented on a cash basis of accounting which means that revenues and expenditures are recognized when they are received or spent (not necessarily when they are incurred). The primary benefits of presenting this information on a cash basis are that it is easier for the casual stakeholder to understand the information and that it can be directly reconciled back to the Township's financial software system. Annually, the Township converts its cash books to the full accrual method of accounting and publishes a Comprehensive Annual Financial Report which complies with Generally Accepted Accounting Principles (GAAP).

#### **Contents:**

- Executive Summary
- Fund and Township Organizational Charts
- 2019 Fund Budget Tables with department narratives
- 2019-2023 Capital and Infrastructure Plan
- Supporting Documentation and Schedules

#### **Administrative Summary:**

The Administration prepared the 2019 budget recommendations with the following priorities: (1) maintain the excellent municipal programs and services offered by the Township, (2) maintain the Township's overall financial position in spite of level business tax growth and no increases in real estate tax

# "Did you know?" Financial Highlights

Radnor has the second highest credit rating [Aa1] from Moody's

with a "stable" outlook

. .

In 2010, Radnor had 34 audit comments; 12 of those were material weaknesses, 4 significant and 18 were "other". Today, Radnor has ZERO audit comments

• • •

Since 2010, the Township has refinanced its debt five different times which generated net cash savings of \$5,225,000 from 2011 to 2037

• • •

In 2014, the Township
terminated a financially crippling
SWAP derivative debt
instrument which saved the
Township as much as \$3,646,000
from 2015 – 2034. More
importantly, the termination
removed the variable rate risk
facing the Township over that
same period

• • •

The Township has been systematically reducing full-time headcount as new efficiencies have become available. In 2003, staffing was at 165; in 2018 staffing is at 125

rates, (3) continue to push for a funding plan for the Township's long-term capital and infrastructure program, and (4) continue to address the funding deficit in the Sanitary Sewer Fund. To address each of the administrative priorities, this budget includes the following features:

- The 2019 budget proposes to continue to provide the same level of excellent service to our Stakeholders.
   To achieve this, staffing levels must remain at current levels which are consistent with the Organizational Chart approved by the Board of Commissioners in the spring of 2017.
- The Township's Aa1 credit rating has been affirmed by Moody's stating, in part that, the Township has a strong level of financial reserves. In the past three years, business revenues have not grown, and the Township has not increased its real estate millage rate. Still, the strong reserves have been maintained. That allows the Township Manager's Recommended Comprehensive Budget for 2019 to show a slight negative net revenue amount of \$313,144.
- The Administration has been working with the Board of Commissioners over the last five years to develop a plan to fund both the short-term and long-term capital needs of the Township. Through normal revenue growth, the short-term portion of the capital program, also known as the "Pay as you go" portion, is planned to be funded through current resources with some short-term leasing for larger moving fleet. Current resources and forecasted revenues suggest that revenues will be sufficient to continue that approach. The portion of the capital plan that remains without a funding plan is the larger, more expensive portion that covers the replacement / improvement of the Township's infrastructure, buildings and park/trail amenities. Instead of including a recommendation to the Board in a static document, such as this budget document, the Township Manager is requesting that the Board of Commissioners set a special public hearing to discuss and determine how the Board would like to proceed in funding those improvements.
- 2019 would have marked the sixth year of the OPEB funding plan. However, due to the stagnation of General Fund revenues, the Township Manager is recommended a one-year suspension in the plan; saving the General Fund \$1,259,209. The OPEB funding plan is outlined in the supplementary information section of this budget. This funding plan was evaluated along with several other alternative approaches with guidance from CARFAC and the Township's actuarial benefits firm, Mockenhaupt Benefits Group. The funding plan proposes continuing the "pay-as-you-go" approach while adding increments of \$200,000 per year, over ten years to build the annual funding up to the required annual contribution level.
- Sanitary Sewer Fund: As reported in the Sanitary Sewer Fund (#002), expenditures have exceeded revenues in each of the last five years, depleting cash reserves to a level where a decision is needed to correct the funding status. The primary cause of the deficit has been declining water consumption coupled with rising RHM obligations and capital requirements. Specifically, in 2017 three sewers broke with costs exceeding \$3.5 million, and another two breaks occurred in 2018 exceeding costs of \$1.0 million. The Board did take initial action in November 2017, approving a three-year rate increase plan that calls for 10% increases in 2018, 2019 and 2020. Those rate increases have been incorporated into the projections in this document.
- Not included in the Manager's Recommended Budget include some significant items that require the Township's attention, but currently do not have adequate funding or definitive policies from the Board. These items include:
  - o Tree Maintenance / Removal / Planting Program
  - o Fire Company Long-Term Planning and Funding

#### Significant revenue changes included in the 2019 Budget:

Property Tax Adjustment The Township Manager's recommended budget proposes **no change** in the real estate tax rate for the funding of township operations and capital needs.

General Fund (#001)

The table below reflects the Township's millage rates since 2011 as well as what percentage the Township's rate is to the overall millage that Radnor property owners pay:

Business (Act 511) Taxes

General Fund (#001)

This revenue category makes up 35% of the General Fund's revenue and includes the gross receipts taxes for business and mercantile groups, the local services tax paid by employees in Radnor, gaming and amusement taxes, and the real estate transfer tax paid on all real estate sales in the Township. The rates of taxation are not adjusted from year-to-year and are shown below. The Township relies heavily on the productivity of this revenue group and during the years 2012-2015, revenues ballooned, which allowed the Township to fund various priorities without needing to adjust real estate tax rates. However, since 2015, the two primary revenue generators in this category, the Business Privilege and Mercantile taxes have plateaued. Specifically, in 2018, Business Privilege Taxes dipped to the lowest level since before 2015 due to several large refunds paid out. For 2019, the Township Manager's Recommended Budget appears to show a large increase. However, the activity is being budgeted to return to 2017 levels, before the refunds.

Sanitary Sewer Rent

Sanitary Sewer Fund (#002) The 2019 Township Manager's recommended budget incorporates the Board approved rate increase of 10%. The table below shows the sewer rent rate history going back to 2011. Please see the Sewer Fund #002 detail later in this budget report for more information on the fund, its activity and future rate considerations.

Stormwater Fee Fund (#004) The Township Manager's 2019 recommended budget keeps the stormwater fee at the original amount of \$29.00 per unit. When adopted, the Township pledged to keep the fee at \$29.00 per unit for the first five years. 2018 marked the fifth year that the fee will be levied. The stormwater fee and associated expenses are accounted for in the Township's Stormwater Management Fund #004.

Ardrossan / Open Space Acquisition

Park and Open Space Fund (#022) In December 2014, the Township executed the purchase agreement for 71 acres of open space at a purchase price of \$11,653,820. The funding plan to pay off the voted bond portion of the purchase includes utilizing the one quarter percent of the reality transfer tax, deposited into the Park and Open Space Fund (#022), to fund as much of the debt service as possible, with the funding gap closed with a real estate tax millage adjustment.

Sources:	
Voted OS Bonds	\$ 9,885,000

Grant	1,000,000
Sale of Land	190,958
General Fund Loan	605,000
Total Sources	\$ 11,795,247

The initial plan was to incorporate the millage increase in 2015. However, due to higher than anticipated real estate transfer tax revenues and due to adequate fund balances in the Park and Open Space Fund, the tax increase was foregone in 2015 - 2018. For 2017 and 2018, the Board voted to allocate \$400,000 and \$160,000 in General Fund excess fund balances, respectively.

Moving forward, as reported in prior year's budgets, an alternative source of revenue will be necessary in years 2019 - 2026. Please see the Park and Open Space Fund (#022) for the full forecast and see below for a short-term outlook. The Township Manager's Budget includes a General Fund Transfer of \$160,000 to cover the anticipated revenue shortfall.

#### Significant expenditure changes included in the 2019 Budget:

# Employee Wages

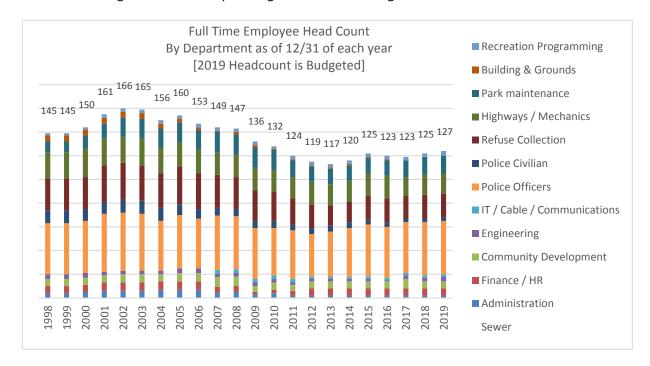

The 2019 budget includes 2.75% wage increases for all employees except for the Township Manager and those employees who are still in their probationary period. The following rules exist regarding these increases:

- **Uniformed Police Officers**: The Fraternal Order of Police (FOP) of Delaware County collective bargaining agreement requires that members receive a 2.75% increase effective 1/1/2019.
- **Non-Uniform, Union Employees**: Pursuant to the collective bargaining agreement approved by the Board of Commissioners, effective 1/1/2019 all RATE members will receive a 2.75% wage increase.
- Non-Union Full and Part-Time Employees: The budget includes an assumed 2.75% increase except for the Township Manager. Any increase is limited to 2.75% and will be based on performance, as determined by the Township Manager, and will be subject to separate Board approval via' Wage & Salary Schedule.

• •

# Staffing Assumption

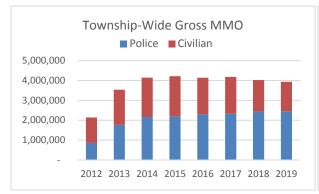

The Township Manager's recommended budget includes the following full-time headcount projections. Some of the departments' headcounts are still under review and may change prior to the final adoption of the 2019 budget. The Township Manager is communicating those situations with the Board.

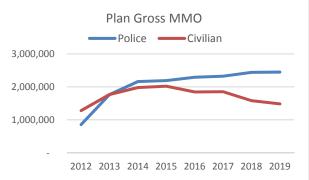

# Pension Obligations

The 2019 budget includes funding the full amount of the Township's Minimum Municipal Obligation (MMO) as adopted via Resolution 2017-108 on September 25, 2017. The table below shows the total Township share of the MMO since 2011:

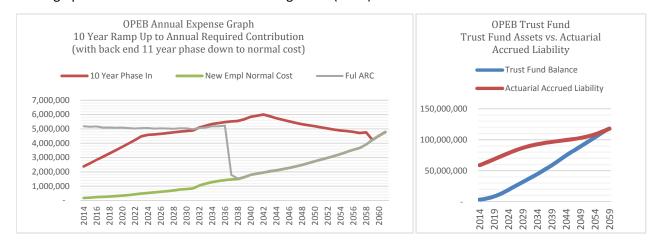

Year	Uniform Plan	Civilian Plan	Gross MMO Obligation	Less: State Aid	Net Township Expense
2012	855,232	1,280,125	2,135,357	594,234	1,541,123

Other Post-Employment Benefits Funding Plan The 2019 Township Manager's recommended budget suspends the annual required contribution rampup amount scheduled for 2019 (\$1,259,209). The recommended budget still includes all the pay-as-you-go and Police prefunding portions of the plan. The plan, as approved by the Board in 2013, assumes that the Township will continue the "pay as you go" approach, while incrementally increasing OPEB funding by \$200,000 per year until the Township reaches the full ARC (in 10 years). The graphs below summarize the funding that will be needed to successfully fund the plan as well as the time frame estimated until enough plan assets exist to cover future obligations (2060):

# Capital Funding

The Township Manager's recommended budget includes capital funding needs totaling \$1,384,327 covering the short-term portion of the capital plan with current resources as we have been doing for six years now. However, with regard to the long-term capital assets, a determination on how best to fund that program still needs to completed. To help set the table for that discussion, here is a synopsis of the capital categories and their expense forecast, including the funding that would be needed if the Board were to approve them as proposed.

The Capital Plan has been divided into two broad categories:

 Pay-as-you-go: As the name suggests, these capital items include short-term assets and are funded through current resources identified as "General Fund Transfers" below. Generally, the capital items included in this category are vehicles, department equipment, and information technology.

• Pay-as-you-use: As we have discussed for two years, this category is without a defined funding plan. The Township has been fortunate enough to realize excess General Fund balances, which has provided the necessary funding for projects since 2012. Looking forward, project numbers and amounts are growing to the point where excess fund balances do not appear to be sufficient. Further, those excesses are not probable enough to plan around. That being the case, the Township Manager's Recommended Budget doesn't include any funding for these projects.

For 2019, the Administration is separating the total Pay-as-you-use project budget amount into two categories: (a) Recommended Funding are projects that the Township Manager is recommended the Board fund. The primary reason these are being recommended is either due to funding goals set in prior years (i.e. road resurfacing at \$1.0 million per year) or projects already receiving Board approval. The specific projects can be found in the 2019 column in the capital plan document.

Recommended Funding   Possible sources for funding: General Fund	Amount
Transfers, part of a larger bond issue	
Road Resurfacing Supplement to Liquid Fuels	\$192,000
North Wayne Sidewalk [Grant Applied]	151,120
King of Prussia / Eagle / Pine Tree [Grant Applied / Collaborative Approval]	231,140
Matsonford Pedestrian Bridge [Contracts already awarded]	329,300
Subtotal of Recommended Funding	903,560

The remaining 2019 capital projects not included in the recommended amount above are summarized in the table below. These projects include those requested by Commissioners, or projects where a need has been identified, but no funding source at this point. The project names and amounts can be found in the capital plan.

Additional Projects in Plan that would require additional funding	Amount
Park Improvements (non-bond funds)	\$1,230,000
Township Buildings and Facilities	175,000
Infrastructure Improvements [Bridges, Sidewalks, etc.)	164,000
Subtotal of Additional 2018 Project Needing Funding	1,569,000

Beyond 2019, funding gaps for the Pay-as-you-go portion of the capital plan exist in the following amounts. These projects should be reviewed and prioritized, then discussions should be had regarding how the Board would like to fund these projects over the long-term.

Pay-As-You-Use:	2019	2020	2021	2022	2023
Infrastructure	\$164,000	\$659,422	\$61,500	TBD	TBD
Traffic Control	-	502,500	110,000	TBD	TBD
Park Improvements	1,230,000	770,000	219,000	\$46,000	\$80,000
<b>Building &amp; Grounds</b>	175,000	608,000	536,000	275,000	50000

#### **Financial Summary Information:**

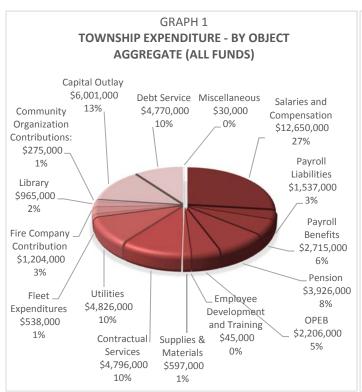

Cost of Service Reporting: Radnor Township offers its residents and business a tremendous amount of life safety, infrastructure and quality of life programs and services. At times, it seems that these programs and services get lost in the analysis of the numbers. This section of the report will focus not only on the larger financial estimates included in the 2019 budget, but also a look at certain departments and a cost allocation by activity. The goal is to provide information to the reader that will allow them to have a full understanding of where their tax dollars are allocated, how much the rates of taxation are proposed to be for 2019, the importance of the Act 511 tax revenue, and a comparative look at the global finances of the Township.

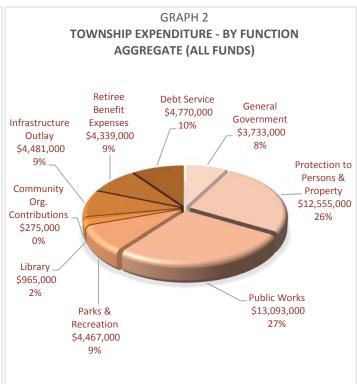

How your Tax Dollars are allocated: At the highest level, the Township summarizes its expenditures into eight different categories. The table and graph below describe those eight categories and how the aggregate allocations are presented for 2019:

Category	Description
Protection of Persons and Property	This category includes the Township's <i>Police Department</i> , the Township's <i>Community Development Department</i> (code enforcement) and the Township's contributions to the three <i>fire companies</i> that provide service to Radnor properties (Radnor Fire Company, Bryn Mawr Fire Company and Broomall Fire Company).
Public Works	This category includes all the departments that provide basic municipal and infrastructure services. Those include: Garbage collection, recycling and yard waste collection, leaf collection, snow & ice removal, street cleaning, traffic signals / signage, curbs & sidewalks, road resurfacing / maintenance, fleet mechanics, street barricades (used for community festivals, parades, etc.), storm and sanitary sewer maintenance, and other general highway services.
Parks & Recreation	This category includes two very different departments: <i>Recreational Programming</i> and <i>Park Maintenance</i> (of Public Works). Recreational Programming works with various sports organizations in addition to offering many quality of life recreational programs (usually at an additional fee). Included in those programs are the activities at the Sulpizio Gym. Then, the Park Maintenance Department (of Public Works) is responsible for the maintenance and up-keep of all of the Township's properties, parks, athletic fields and the Radnor Trail.
General Government	This category encompasses the administrative functions of the Township which include the <i>Administration, Finance</i> , and <i>Information Technology</i> Departments, <i>Office of the Treasurer</i> as well as the costs associated with insuring the Township's facilities, fleet, and employee practices. The Administration Department includes the Board of Commissioners, all other volunteer Boards and Commissions, and the Township Manager. The Finance Department includes accounting, accounts receivable, grants, accounts payable, purchasing, right-to-know, payroll and human resources. Information Technology includes all the computer and networking as well as the public access / government channel responsibilities and the Township web site maintenance.

• • •

Category	Description
Debt Service	This category summarizes all the Township's long-term debt obligations. It is treated separately to emphasize the importance of making sure the sufficient resources are available to pay the annual and on-going debt obligations.
Library Contributions	The Township provides annual contributions to the Radnor Memorial Library (a separate not-for-profit entity). Expenses accounted for in this category include the annual operating contributions and building maintenance costs. These contributions <i>do not</i> include the rent-free lease of a Township owned facility nor the cost of the debt that the Township incurred on behalf of the Library, for capital improvements, that was forgiven by the Board in 2010 (approximately \$35,000 per year over the next 14 years).
Community Organization	Similar to the Library, the Township also provides funding to various (not-for-profit) community organizations that also provide quality of life services to Radnor residents.
Contributions	
Retiree Benefits	This category accounts for the current year health care expenses for the Police and Civilian retirees as well as the costs incurred for retiree life insurance. The total number of retirees as of the date of this report is 107: 51 Police retirees and 56 Civilian retirees.
Transfers to Other Funds	The General Fund transfers resources to other funds to help support those activities. The amount included in this category includes general fund support of the capital program, Willows Fund shortfalls and OPEB Fund contributions.

As indicated by graphs above, the total expenditures budgeted for 2019 are \$47,081,000. This figure includes the expenditures from all the Township's *governmental* funds. The expenditures are categorized into two different types: Object and Function. These two categories are consistent with how expenditures are reported in the Township's audited financial statements. Additionally, they show two different ways of the Township is spending the resources it has. Some important distinctions to understand with graph 1 include: (a) Wages and Compensation includes bases wages, overtime, and other forms of negotiated compensation such as longevity and other incentive based pays. (b) Utilities includes the Township's payment to the RHM sewer authority which makes up \$4.7 million of the total. (c) Contractual Services includes a broad spectrum of contracts from legal services to smaller contracts such as copier leases and uniform purchases. Some important distinctions with graph 2 include: (a) Security of Persons and Property includes police, fire, community development and emergency management services. (b) Retiree Expenses includes the healthcare premium expenses for current retirees as well as the retiree portion of the Township's annual pension expense. Not included in the above expenditure number are the Non-Governmental Funds which are the: Police Pension Fund, Civilian Pension Fund, OPEB Trust Fund and Escrow Fund. See the Fund Organizational Chart for additional information on the Township's fund structure.

Where the Township Operating Revenues come from: The Township receives revenues from various sources that can be summarized in three large categories as follows:

Category	Description
Real Estate Taxes (29% of total revenues)	These revenues are generated from a millage rate placed on all properties in Radnor Township. The different property classifications are Residential, Commercial, Ground, Exempt (non-tax paying), and Public Utilities (non-tax paying).
Act 511 Taxes (35% of total revenues)	These revenues are generated from five sources: Real Estate Transfer taxes, Business Privilege taxes, Mercantile taxes, Local Services tax (LST), and Amusement tax. The business privilege, mercantile and amusement taxes are paid by qualifying businesses in Radnor Township and the LST is paid for by all the employees working in Radnor Township through payroll withholdings.
Other Revenues (36% of total revenues)	As the name suggests, this is all the other revenues which broadly include Intergovernmental revenues (from State and Federal sources), licenses, permits, fees, fines, interest, rentals, grants, donations, special assessments, departmental earnings (charges for services), and others.

As depicted from graphs 3, 4 and 5, Radnor enjoys a diverse tax base. This base provides significant relief on the residential component of the real estate tax base. If the Township did not have the Act 511 taxes in place, the \$15,168,000 would have to be made up from real estate taxes. That would equate to a 100% tax increase. The purpose of sharing this information is to emphasize the importance of the Township's diverse tax base and the impact that a strong business community has in providing resources to fund the services provided by the Township.

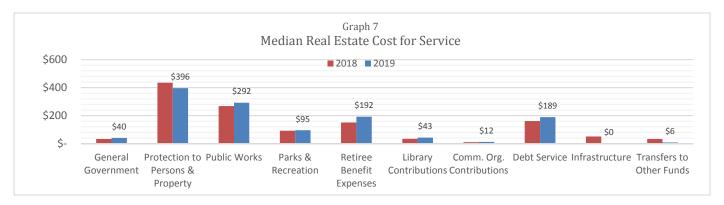

The following information allocates the 2019 real estate tax millage rate into the various service categories described earlier in this section. All real estate tax revenues are deposit into the General Fund. Therefore, the service allocations are for the General Fund only (not aggregate). The purpose of this information is to help the reader understand exactly where tax dollars are being spent. The following table breaks down the Township's 2019 operating millage rate of 3.9228 into the broad service categories:

Service Category:	Millage
Can and Causement	0.4350
General Government	0.1250
Protection to Persons & Property	1.2269
Public Works	0.9047
Parks & Recreation	0.2951
Retiree Benefit Expenses	0.5954
Library Contributions	0.1324
Community Organization Contr.	0.0377
Debt Service	0.5854
Infrastructure	0.0000
Transfers to Other Funds	0.0200

The last graph of this section takes another look at the 2019 total proposed millage rate and how it is distributed amongst the broad service categories and attaches what the median Radnor resident would pay for these services. The amounts shown below are net of non-tax related revenues generated by each of the departments. Based on the median assessed value, and a millage rate of 3.9228, the resulting Township real estate tax bill is \$1,038.

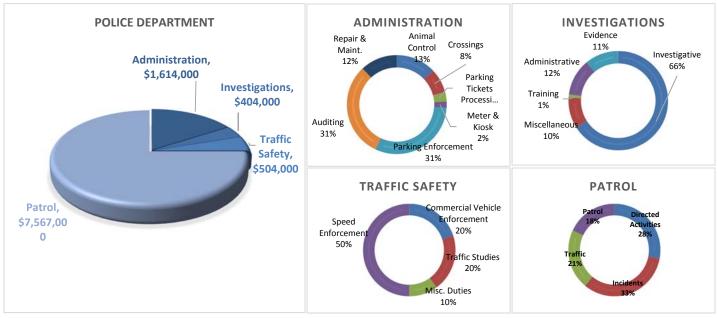

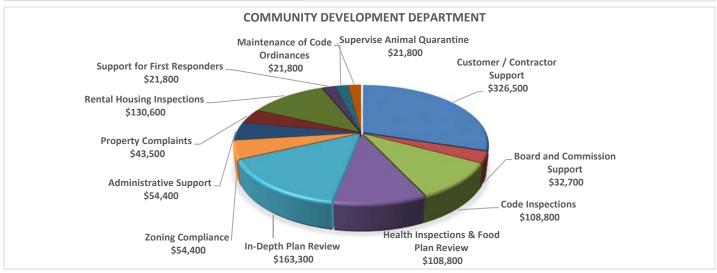

#### **Departmental Budget Allocations by Program or Service:**

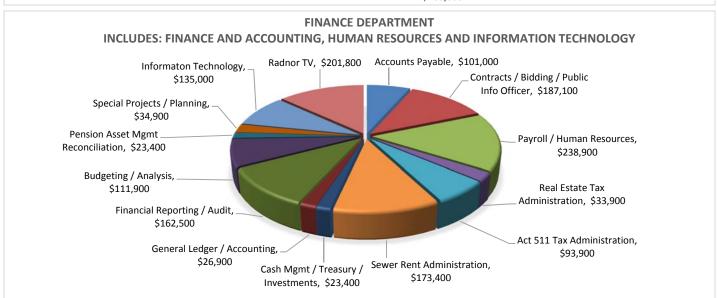

Departmental Cost of Service Breakdowns: This section of the report will take the Police Department, Community Development Department, Public Works Department, Recreational Programming Department and Finance Department and show the major services / areas of responsibility and how much they are budgeted to cost in 2019. The purpose behind breaking down these budget figures in this manner is to (a) show the vast number of activities, programs and services being performed by the various Township Departments, and (b) to allocate a cost to those activities. Another benefit to this breakdown of the budget is to allow Stakeholders to quickly estimate the per capita cost of these various services and programs. For example, the total budgeted amount for Solid Waste collection in 2019 is \$3,234,481 (including capital) which calculates to a per capita cost of approximately \$103 based on a population of 31,531. Additional information on the specific services provided by each of these departments and those departments not included in this section can be found in the *Departmental Narratives* section of this report.

#### **Department Summary:**

Radnor Police Department provides twenty-four-hour police coverage within Radnor Township. The Radnor Police Department embraces community-oriented policing through many initiatives within our community. The current staffing of the police department consists of 43 officers and 1 Superintendent of Police. 30 of these officers are the makeup of the patrol division. 4 Detectives and 3 Highway Patrol/Traffic Safety Officers compliment the patrol division. The Police Department also consists of a Supervisor of Parking and Auxiliary Services, Three Administrative Assistants, four-part time Meter Enforcement Officers and nine school crossing guards. The Police Department maintains an integrity control officer and a special projects/emergency management officer that report directly to the Superintendent of Police. The Police Department is also fortunate to have the Radnor Community Police Organization, Radnor Townwatch, and the Radnor Police Chaplains program which are volunteer residents that augment many of the functions of the Police Department. This in turn expands our full service public safety organization to all residents and visitors of the Township of Radnor.

#### **Service / Program Descriptions:**

Name	Description
Administration	Police Administration personnel are responsible for the Command function of the police department. There are also civilians responsible for various duties such as answering phone calls, processing of records and other paperwork, accepting monies for records and parking tickets, payroll, taking appointments, typing letters, Right-to-Know Act requests, Kiosk Card purchases, etc.
Animal Control and Deer Management	Animal complaints are handled through the patrol division and the Supervisor of Parking and Auxiliary Services. This includes dead deer removal, dangerous animal investigations and rabid animal investigations. Deer Management Program, including working with the USDA and the entire Community. In 2017 the township continued the fifth year of the deer culling. 259 deer were culled thinning out a larges herds of deer throughout the township. In 2019 as in 2018 a maintenance program is requested to retain the low number of deer in the township. Since the inception of this program deer incidents have been reduced by 85%.
Bike Patrol	Provides a mobile, efficient way to patrol the Wayne Business District and other targeted areas and the Radnor Trail. The bike patrol officer integrates the officer into community oriented policing and community relations through high visibility and ease of contact with officer.
Civilian Emergency Response Training (C.E.R.T)	The Department trains civilians with skills in basic first aid, CPR, traffic control, National Incident Management System (N.I.M.S), hazmat and other items which may be required in a community emergency. The Department maintains a list of the trained personnel in case of a wide spread disaster or need. The most recent CERT class was sponsored by Radnor Police in October and November of 2016. Additional CERT classes will be held in 2019 as well.

Crossing Guards	The crossing guards are assigned and supervised by the Supervisor of Parking
Crossing Guarus	and Auxiliary Services. There are nine school crossing posts throughout staffed throughout the Township. Training is also incorporated in this program.
Detective Bureau	The Detective Bureau provides investigation, crime scene processing and possible prosecution for simple and complex criminal cases. Detectives will provide home and business security assessments if requested. Secondary functions include civilian fingerprinting, etching/identification of high value items, evidence room management, and liquor establishment monitoring and vendor background investigations. The Detective Bureau participates in high profile community awareness meetings and seminars such as cyber-bullying, cyber-crimes and school related violence as examples throughout the year.
Emergency Alert System	The police department continues to provide crime alerts and information via electronic means such as e-mail or phone text.
Major Incident Response Team (M.I.R.T.)	Established at the county level, there are 18 Radnor Officers that are members of the Delaware County M.I.R.T. This team responds to large scale, critical incidents such as demonstrations, hazmat incidents, and dignitary protection. All equipment and training events are funded through Department of Homeland Security Grants. Member officers of this team are trained in the recognition of chemical, biological, radiological, and nuclear devices and agents. In 2017 M.I.R.T. officers were placed on stand-by at Philadelphia International Airport to assist Philadelphia Police with immigration protests and at Villanova University due to an appearance of a controversial political science speaker. In 2018, M.I.R.T. assisted with Villanova University for the Final Four and NCAA Championship game.
Patrol Division	The majority of the Police Department is comprised of the Patrol Division. Over 25 individuals are responsible for providing basic police services twenty-four hours a day. The additional duties carried out by the patrol division which are above and beyond conventional police duties are: vacant house checks, school visits, bank checks, community talks and targeted enforcement activities.
S.W.A.T.	The Radnor Police Department operates as a member of the regional Delaware County S.W.A.T. team. There are currently five officers and two hostage negotiators assigned to this regional team.
Highway Patrol/Traffic Safety/ Motor Carrier Safety Patrol	A versatile unit within the Police Department assigned to address various issues within the Township. As the name implies, the unit is responsible primarily for the enforcement and education of traffic safety within the Township. Highway Patrol/Traffic Safety Officers investigate serious/fatal crashes within the Township. They perform other studies such as traffic control (speed limits, speed humps, stop signs, etc.), sight distance issues, fence (permit) placement for Community Development and dumpster placement (in the Right of Way) for Engineering. Various parking permit

systems for residents and some institutions are administered by the Unit. High profile community talks such as PTA, freshmen orientation as well as drug and alcohol awareness lectures are part of the duties assigned to the Traffic Safety Unit. They inspect commercial trucks that travel in the township and can remove them from service and issue citations if unsafe. Assist with supervision of the crossing guards and handle abandoned vehicles. The unit also manages bi-annual towing contracts for the township.

### DUI Checkpoints/Roving Patrol Enforcement

The Radnor Township Police Department is one of six municipalities that make up the Northern Delaware County DUI Task Force. This task force conducts DUI Checkpoints and DUI Roving Patrols, monthly, throughout the northern part of Delaware County. The object of the task force is to identify and remove the impaired driver from the highway. The funding for this program is allocated by The National Highway Transportation Safety Administration and The Pennsylvania Department of Transportation. All participating police departments are reimbursed for time and expenses through grant appropriations. This line item is entirely funded thought grants received from Commonwealth of Pennsylvania and the National Highway Traffic Safety Administration (NHTSA).

#### Buckle Up PA-Aggressive Diving Enforcement Grants

The Radnor Police Department is participant of Buckle Up PA. Buckle Up PA is a project funded through PennDot dedicated to raising the seat belt usage level in Pennsylvania through increased enforcement, public awareness and education. The partnership is comprised of municipal police departments, state police, and the U.S. Department of Transportation. The police department is a member and participant of The Pennsylvania Aggressive Driving Enforcement and Education Project (PAADEEP). This program is a statewide initiative that utilizes crash data to identify aggressive driving locations. High visibility target enforcement, coordinated earned media, public awareness and training are conducted on these roadways to reduce the number of needless aggressive driving injuries and deaths. The partnership is comprised of municipal police departments, the Pennsylvania State Police, PennDot, the US Department of Transportation and community groups and organizations. The Radnor Police Department has been recognized as leader of enforcement in both programs. These programs are grant funded in which there is no cost to the residents of Radnor. This program greatly assists with making Radnor Township a safer community.

#### **eCitations**

The eCitation process is a faster more accurate process that eliminates the traditional hand-written traffic citations. In 2017 and continuing into 2018 the police department has purchased and implemented hand-held computer scans integrated with a printer. Radnor Police Officers are issuing traffic citations with this latest technology. Benefits includes faster, more accurate citations with no need for administrative personnel to manually enter traffic citations into the data base. eCitations are almost instantaneously transmitted to the courts and the police department database. Officers spend less time with each violation. United Public Safety, currently providing the

	Police Department's parking ticket system, will expand to manage the eCitation system, the burglar alarm and fire alarm citation processes.
Video Camera Systems	In Car Video and Body Worn Camera systems for documentary and evidentiary purposes. System software will be fully integrated and be stored in an onsite server. Each marked police vehicle outfitted with an ICV system and each officer with a BWC. The police department seeks to purchase and implement in-car cameras and body-worn cameras through our capital budget process.

#### **Line Item Descriptions:**

Line Item	Description
Overtime	Includes pay for hours worked above and beyond 40/44 hours at time and ½ pay rate. Overtime is used to supplement shortages on shifts, compensate for extra hours after the shift due to extended calls, etc. This category also included grant overtime which is reimbursed through various programs such as the Aggressive Driving Grant, Seatbelt Grant, DUI Enforcement, Emergency Response training, Delaware County Drug Task Force etc.
Extra Duty	Money paid to Officers working extra-duty on their off time. Most include traffic control at such events as Villanova football and basketball, private and parochial school graduations at Villanova, Community functions, private parties, etc. This money is reimbursed to the Township, plus 70% and is revenue positive.
Communications	Includes lease of police land lines, Nextel/Verizon cell phones and Verizon Air Cards for computers in police vehicles. This enhancement will create more efficiency with the filing of traffic and non-traffic citations. This enhancement will streamline data entry and electronically file the citations with Delaware County District Courts. The electronical filing will require the tablets to have wireless internet connections.
Uniforms	Contains all items for police uniforms to include shirts, trousers, (also Bike, SWAT, Highway and K-9 uniforms) hats, rain coats, badges, patches, winter hats, etc. Also includes ballistic vests, half of which is reimbursed by the Department of Justice grants. Small equipment items are also included such as holster, handcuffs, holders, etc. Detectives clothing allowance. In 2019 we expect general uniform maintenance for existing officers, detectives, parking and auxiliary services personnel and safety equipment for crossing guards.
Office Supplies	Paper, pencils, pens, folders, print cartridges, tape, staples, folders, notepads, etc. There are also annual printing needs.
Emergency Management/ Emergency Operation Center	The Township is required to maintain an emergency management program and coordinator. The emergency management coordinator is

	responsible for the emergency management planning, administration, and operations for the township. When a disaster strikes or an emergency occurs; the emergency management officials along with their elected officials, are responsible for the public safety of township residents. In conjunction with emergency management the police department is tasked with the communication components of the Emergency Operations Center. The police department applied for and received a dedicated radio frequency from the FCC for EOC operations. The Radnor Tactical Frequency was established and is an integral part of our emergency management system. All units and divisions of Radnor Township now have the ability to talk to each department on the new "TAC" frequency. This provides for better communication and quicker responses to the residents needs in Radnor Township.
Operating Supplies	Supplies for the yearly operation of the police department. These supplies also sometimes include small equipment with a life span typically less than five years. Operating supplies listed encompass all the units in the Police Department to Include Patrol, Traffic Safety, Meter Enforcement, Animal Enforcement and Crossing Guards. General classifications are day to day Detective processing supplies, ammunition, first aid, flares, cleaning, forms, prisoner accommodations, traffic calming, batteries, car equipment, etc.
Professional Development	Training and courses for Officers. All aspects of training for officers are budgeted here. These training courses include training for in-house trainers for specific training such as control tactics, firearms, first aid, emergency vehicle operations, etc. Professional development also includes First and Second line management training such as Northwestern University's School of Police Staff and Command Course. Costs associated with the annual MPOETC annual training and recertification that every officer must attend each year to maintain their municipal police certification. In 2019 we plan to continue in-house training in use of force and de-escalation training In-house certified training officers substantially lower training costs.
Dues and Subscriptions	Funds for executive police association memberships.

#### FIRE COMPANY CONTRIBUTIONS

General Fund #01 | Emergency Operations Center

## Radnor Township, PA Emergency Operations Center 2019 Operating Budget Narrative

#### **Department Summary:**

This category of the budget accounts for the Township's Emergency Operations Center costs. This accounting category is enabled whenever the Township issues a "State of Emergency" and incurs life safety or disaster mitigation costs. When active, the EOC is lead by the Township's Emergency Management Coordinator, and departments are notified to use this department code for all related expenses.

On an annual basis, we do not specifically budget for these costs given their unpredictability. Instead, we pull budgets from other areas when the EOC is activated. If no budgeted funds are available to be reallocated, fund balance is used. If the disaster is large enough so that the County, State and Federal governments all declare emergencies as well, the Township applies for FEMA reimbursement. Since the department's creation in 2011, the only time federal reimbursement was received was for Hurricane Irene (2011).

General Fund #01 | Public Works Building & Grounds

## Radnor Township, PA Public Works Department: Building & Grounds 2019 Operating Budget Narrative

#### **Department Summary:**

The Public Works Department is responsible for maintenance, repair, and capital projects for the Township's infrastructure: streets, traffic signals, street lights, storm sewer, sanitary sewer, and bridges. In addition to infrastructure, the Public Works Department maintains the Township's active and passive recreation facilities, the Radnor Trail, all Township owned facilities, as well as all Township owned vehicles.

Aside from the aforementioned maintenance and repair, the Public Works Department collects refuse, recycling, and yard waste from Township residents, as well leaf collection in the fall. The leaf collection program also includes the composting of the collected leaves at Skunk Hollow.

The Public Works Department is comprised of five divisions: Highway, Solid Waste, Parks Maintenance, Sewer, and Fleet Maintenance. Throughout the year, the men of the varying divisions work together to complete the tasks at hand, regardless of the division they are in. This is most noted in highway, sewer, and parks maintenance assisting in solid waste, leaf collection, and snow removal.

The mission of the Public Works Department is to provide the residents of Radnor Township with quality of life services regarding the proper maintenance and operation of the Township's infrastructure, parks, facilities, solid waste and leaf collection activities.

## Radnor Township, PA Public Works Department: Highway Maintenance 2019 Operating Budget Narrative

#### **Department Summary:**

The Public Works Department's Highway Division is responsible for maintenance, and repair of the Township's streets, inlets, and storm sewer, as well as traffic signals, street lights, and signs.

One of the largest single tasks the Highway Division has is the fall leaf collection program. Leaves are collected from over 7,000 properties in the Township, two times, each fall. Other Public Works Divisions assist in this task. The leaf collection program also includes the composting of the collected leaves at Skunk Hollow. One of the main tasks of the Highway Division is snow removal.

The Highway Division repairs potholes, sweeps streets, patches streets, installs street name signs as well as regulatory signs, installs pavement markings, as well as repairing inlets and storm sewer pipes.

#### Service / Program Descriptions: Streets & Highways – Highways General Services

Name	Description
Signalized Intersections	The Township owns and maintains forty-six signalized intersections, twenty-three school flashers, and seventeen other flashing devices. Although maintenance and operations are funded by the Township, the timing of the traffic signal is controlled by the Pennsylvania Department of Transportation (Penn DOT).
	Annual inspection and repairs are performed by an outside contractor, awarded by sealed bid. The signs and pavement markings corresponding to the signalized intersections are maintained by Public Works personnel. (Higgins Electric)
Sign Maintenance/Signage	The Township is responsible for all regulatory signage, including speed limit signs up to and including 35 MPH signs. Aside from the aforementioned sign maintenance, the Public Works Department installs signs as determined by the Radnor Township Police Department and Staff Traffic Committee, as well metered spaces in the municipal lots. (H.A. Weigand, Municipal Supply)
Street Lights	The Township's street lights are maintained by an outside firm, chosen through the sealed bidding process. (Higgins Electric)
Road Repairs	The Public Works Department (PWD) is responsible for pothole repair and patching, curb repair, as well as the Township's annual street resurfacing project.

#### Radnor Township, PA Public Works Department: Highway Maintenance 2019 Operating Budget Narrative

Name	Description
Road Repairs - Continued	The street resurfacing project is a capital project funded by the Township's State Liquid Fuels Fund. The Public Works Department maintains the Township's 85.66 miles of streets. Streets such as Lancaster Avenue, Sproul Road, Bryn Mawr Avenue, Goshen Road, Darby Paoli Road and Conestoga Road are maintained by the Pennsylvania Department of Transportation (Penn DOT). There are 33.59 miles of State streets that traverse Radnor Township.
Street Sweeping	The Public Works Department (PWD) sweeps streets throughout the year, with the goal of sweeping all Township owned streets three times per year. Street sweeping is done in conjunction with our MS4 permit for stormwater quality, and is also performed after severe weather events.
Leaf Collection	Public Works provides the service of curbside pickup of all Township residents' leaves. Each of the three service districts are provided two collection periods. All leaves are composted at Skunk Hollow. Leaf collection not only allows the residents an easy method for leaf removal, it also provides for clean streets and inlets. All divisions of the Public Works Department: highway, sewer, solid waste, and parks are used in this large endeavor.
Skunk Hollow Composting Site & Christmas Tree Recycling	All leaves collected from the leaf collection program are composted at Skunk Hollow. Composted leaves are made available for residents' use at seven locations designated by the Environmental Advisory Committee. Leaf composting is a natural way to recycle. Residents Christmas trees are picked up curbside by Public Works personnel, approximately thirty tons of trees are recycled each year.
Storm Sewer Maintenance	The PWD maintains the Township's stormwater inlets (approximately one thousand five hundred) and storm sewer pipes (approximately fifty-seven miles).  The Township aims to be proactive in cleaning inlets before and after large storms. This is an attempt to reduce flooding and street ponding, as well as follow MS4 requirements. The condition of our stormwater infrastructure, like in municipalities across the country, is in disrepair. The Township enacted a Stormwater Fee to provide a dedicated funding source for capital stormwater related projects. Certain maintenance projects, once fully evaluated, may become capital projects. If the
	project is approved, the Stormwater Fee funds these capital projects. Normal maintenance is funded through the "01" account, the Township's general Fund.

Name	Description
Snow Removal	The PWD performs snow removal on the Township's 85.66 miles of streets, as well as all 33.59 miles of Penn DOT streets (Lancaster Avenue, Conestoga Road, etc.). All streets in Radnor Township are cleared by the PWD. This service utilizes all divisions of the PWD: highway, parks, solid waste, sewer, and vehicle maintenance.
Special Events & Other Services	The highway division provides assistance for many events such as the Fall Festival and Music Festival. The highway division also cleans the sidewalks and streets of the Wayne Business District twelve times per year, hangs holiday banners in Wayne, cleans traffic islands, provides barricades for block parties, and other tasks that may arise.

General Fund #01 | Recreation and Community Programming

## Department of Recreation & Community Programming Responsibility:

The Radnor Township Department of Recreation & Community Programming is responsible for the administration of year-round recreational programming and community events for all ages and the operations and scheduling of Township facilities that include 26 parks (2 that are Radnor Township School District-owned), the Willows Mansion (currently being facilitated by the Willows Park Preserve) and Cottage (on a limited basis), Radnor Activity Center at Sulpizio Gymnasium, the Radnor Trail, and Radnor Skatepark. The Department also works in cooperation with the Public Works Department, who directly oversees the maintenance of these facilities. The Department aims to serve the best interest of all residents by offering an array of recreational opportunities and maintaining a secure environment that enhances the quality of life for members of the Radnor Township community.

## **Department Programs and Services:**

Name	Description
Recreational Programming and Events	A cornerstone of the high quality of life enjoyed by Radnor residents is a fantastic array of more than 100 recreation programs and community events annually for all the Township's residents. The recreational programming that is provided includes a wealth of activities, camps, community events, workshops, classes, initiatives, excursions, and discount tickets that are offered all year long and spans every age group. Annual participation totals an estimated 20,000 but varies from year to year. The Department's creation and implementation of recreational programming is accomplished by using various facilities including Radnor Activity Center at Sulpizio Gymnasium, Township parks, Radnor Township School District schools, and other local public and private schools. The Department works in cooperation with various community sports and civic organizations, local businesses and vendors. Conceptual development of programming is a top priority for the Department along with conducting ongoing needs assessments and formal evaluations to measure success. Staff members are responsible for the overall direction, on-site management, safety management, coordination of logistics and set-up, and leadership for the vast program offering that is delivered to the Radnor community. Other Township Departments, such as Public Works and Police, also play a vital role in the success these activities.
Personnel and Vendor Management	The Director of the Department manages two full-time and one part-time staff member; 45+ part-time, seasonal staff members; seasonal internship program in cooperation with area colleges/universities; 50+ seasonal and contracted staff members and/or vendors; and program and event volunteers. The Department is responsible for the soliciting, hiring, supervising, and evaluating of these individuals and entities who provide leadership in the specific programming areas along with developing and managing the corresponding contractual agreements. It also prepares <i>Requests for Proposals</i> for applicable programming projects with specifications and details.

Inventory Management	The Department manages the procurement and organization for its operating equipment for program and activities such as sports supplies, arts and crafts supplies, first aid supplies, and apparel. It also prepares <i>Requests for Proposals</i> for applicable projects with specifications and details.
Department Services, Daily Communications, and Customer Service	Serve as a vast resource by providing information to the community and attend to inquiries by phone, email, and walk-ins each day on an array of Department recreational areas, community events, and local organizations and institutions.
Department Services and General Administration	Process and record programming and event registrations and receipts; process income receipts and documentation for all parks and recreational facilities (permitted usage at the RAC, park areas, and athletic fields); conduct corresponding financial deposits each day; process and develop purchase requisitions, purchase orders, process invoices, and check requests; provide financial and usage analyses for all areas of Department services. Continually conduct processes and policies for Department efficiency and success. Manage the administration of three online registration systems.
Administrative Policies and Processes	The Department continually develops its administrative policies and procedures along with reviewing risk for all its related services.
Marketing and Advertising	The Department has constructed a plan for the marketing of all areas of programming and for its facilities and parks in order to continually increase the presence within the community. Avenues for dissemination of information are continually evaluated for new ideas and implementation. It graphically designs many year-round publications and flyers for distribution that includes a seasonal activities brochure for the fall, winter/spring, and summer and provides information and input to the development of the Township Newsletter that is published throughout the year. The Department maintains distribution listings and relationships within the community that aide in distributing marketing materials. The Department maintains all of its related areas of the Township website and constructs and distributes its own electronic communications to subscribers on a monthly basis. The Department develops and films segments for the Radnor 411 Community Television Show. It also oversees the Township's Advertising Policy & Plan, inclusive of many areas such as the Township website.
Sponsorships and Partnerships	Identification and management of sponsorship and partnership opportunities for Department/Township programming and projects that totals more than 150 organizations and businesses annually. Includes direct communications to businesses, organizations, and individuals regarding the available sponsorship opportunities for contributions that are monetary, in-kind, and service-oriented along with the accompanying benefits, agreement development, coordination, and evaluation of each. Development of community-based relationships and partnerships that serve as a benefit to the Department and to the overall success of the Radnor community for local organizations, businesses, and individuals. These take the form of collaborations in event

	delivery, promotional synergies, and other strategic cooperative ventures. This area also includes the development of public-private partnership opportunities relative to Township programming and events as well as parks and recreation facilities, under the approval and direction of the Board of Commissioners.
Special Projects and Department Development	Management of current parks and recreation facility-related projects along with special programming and event projects. Research and evaluation of new and existing information relative to the Department's operations and practices. Exploring new methods that will enhance efficiency and advance the Department's service delivery such as online registration, facility management processes, health and wellness initiatives, public-private partnerships, and the capital planning for parks and recreation facilities.
Planning and Goal Setting	Work with supervisors to develop short- and long-term priorities and set goals towards achievement. Develop plans for maintenance and operation of parks and recreational facilities. Identify, develop, and maintain recreational interests and improvements in the community along with providing guidelines for quality control of programs. Work with residents to meet their recreational needs. Develop and implement year-round recreational pursuits for residents of all ages.
Budgeting and Financial Monitoring	Provide long- and short-term guidance and leadership in the preparation of the operating budget for <i>Recreation Administration, Recreational Programming, and the Sulpizio Gym</i> areas. Work with the Administration and Parks & Recreation Board under the guidance of the Board of Commissioners to provide capital budget recommendations relative to all parks and recreation facilities. Monitor revenues and expenditures throughout the year in order to keep the Department on track with achieving financial goals and overseeing cost containment. Track Department staff member time allocations relative to Department service areas.
Reporting and Analyses	Providing weekly, monthly, annual, and as needed summaries related to the performance of all areas of Department operations and services. Construct analysis of various Department performance areas.
Research and Networking	The Department works with other professionals within the municipal recreation field and other related recreational organizations in order to identify and evaluate new practices and ideas that could potentially be adapted by the Department. The Department utilizes the networking ability within the PEN (Programmer's Exchange Network), ACA (American Camp Association), PRPS (PA Recreation and Parks Society) and NRPA (National Recreation Parks & Recreation Association) professional organizations along with networking among other local recreation professionals. Independent research is also conducted for beneficial information integral to advancing the Department and Township.

Parks and Recreational
<b>Facilities Operations and</b>
Maintenance

The Radnor Township park system includes 26 parks (two of which are Radnor Township School District-owned) with over 400 acres, including Township wooded and open space lots, both active recreational amenities, such as playgrounds and athletic fields, and passive recreational features, like scenic views and natural landscapes for the recreational pleasure of Radnor Township residents. The Radnor Trail is a 2.4-mile-long fitness and walking trail with several access points. Radnor Skatepark is a public skatepark with several standard ramp/box features such as quarterpipes, handrails and a pyramid ramp. The park system is scheduled and operated primarily by the Recreation Department and maintained by the Public Works Department. The two Departments often work closely to identify and address recreational needs, facility usage areas, general maintenance needs, and capital improvement projects.

# Parks, Facilities, and Athletic Field Scheduling

The Department schedules all of the activities and permitted usage that take place within Township parks and recreational facilities – these include group picnics, pavilion rentals, tennis court rentals, community events, athletic fields, Radnor Memorial Turf field lights, and usage of Radnor Activity Center. The Department also reserves facilities for its programming usage at Radnor Township School District schools and at local private schools and facilities. More than 35 facilities are scheduled by the Department and it serves as the direct liaison to over 75 user groups/institutions throughout this year-long process. There is continued evaluation underway of the policies for usage and fee allocation/identification.

## The Willows Park, Mansion, and Cottage

The Willows Property is a 47-acre estate owned by Radnor Township that includes the Willows Park, Mansion and Cottage.

The Township approved a lease agreement with the Willows Park Preserve to restore, maintain, and operate the Willows Mansion. The Department currently coordinates park usage and projects with the organization.

The Department oversees many components of park and Cottage including the permitted usage of the picnic areas and community events and programs each year. It also coordinates improvements and maintenance with the Public Works Department.

# Radnor Activity Center at Sulpizio Gymnasium

The Radnor Activity Center (RAC) at Sulpizio Gym has been leased to the Township by Radnor Township School District for use by the Department for programming. Once part of the old Radnor Middle School, Sulpizio Gym was renovated in 2008 for use by community residents and organizations. The facility is a full size, multi-purpose gymnasium that is available to rent for various usages including birthday parties, special events, basketball leagues, soccer leagues, and exercise groups. It is used by the Recreation Department to offer an array of programming for all ages. The Department oversees the cleaning contract for the facility as well as major capital improvement projects. It works with the Public Works Department on the general maintenance of the facility and on the identification of capital improvement projects.

Community Projects and Programming	The Department coordinates and supports a variety community programs and projects that have varying levels of involvement and development. This includes Eagle Scout projects, park and trail cleanups, service projects, fundraisers, community events, walks/runs, and programming delivered by the community sports and civic organizations and other recreational services that are available to the residents of Radnor Township.
Community Sports and Civic Organizations	The Department serves as a direct liaison to the Community Sports and Civic Organizations within the Township. Sports programs are available for several types of athletic interests - Radnor Soccer Club, Radnor Wayne Little League (including tee ball, baseball, and softball), Radnor Boys & Girls Lacrosse, Radnor Youth Basketball, and Radnor Aquatics Club. Components of each organization is operated by volunteers both independent and under the auspices of the Department, particularly for facility needs. Civic programs include Wayne Senior Center, Wayne Art Center and Radnor Memorial Library. The Department provides information on these organizations to the community, publishes and distributes promotional literature, and partners to offer various activities and special events.
Committees/Boards	The Department participates in several internal and external committees and governing boards. It works closely with both members of the Board of Commissioners and Parks and Recreation Board who advises and serves as a portal to the community by providing guidance and focus that helps achieve short- and long-term goals and objectives. Department staff members also serve on various boards and committees including the Wayne Senior Center Board, Township Safety Committee, Township Staff Ethics Committee, and the Radnor Run Committee.

# Radnor Township, PA 2019 Township Manager Recommended Budget

Sanitary Sewer Fund #02

#### **Department Summary:**

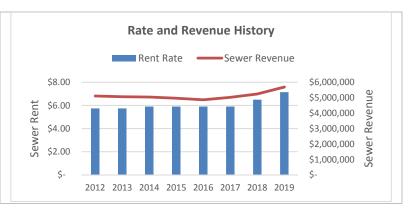

The mission of the Public Works Department is to enhance the quality of life in the Township by maintaining the Township's roads, storm and sanitary sewers, parks and other infrastructure; to enhance public health through the collection and disposal of household solid wastes; to promote environmentally sound living by collecting leaves and recyclable materials; to maximize operations by maintaining the Township's fleet of vehicles and equipment.

The Sewer Division operates and maintains the Township's pumping stations, sanitary sewer lines, manholes, and performs PA One Call Mark outs, as well as assists with snow plowing, leaf collection, and solid waste collection.

The Sewer Division of the Public Works Department is funded by the Sewer Fund, separate of the General Fund. The funding for the Sewer Account is provided by residents' sewer rental fees as opposed to the property tax.

Sewer Rent Fee History: Each property in Radnor pays a sewer rent fee based on the water consumption from the prior year. The Township pays Aqua for the usage data, which is then applied to a rental fee set by the Board of Commissioners based a unit of 1,000 gallons of water used. At the November 27, 2017 Board meeting, a motion was approved increasing the Sewer Rent by 10% for the years 2018, 2019 and 2020. The table below reflects those amounts (noting that for 2019 and 2020 the current Board will have to ratify the increase):

	Fee (per 1,000 Gallons of
Year	Water used)
2012	\$5.74
2013	\$5.74
2014	\$5.90
2015	\$5.90
2016	\$5.90
2017	\$5.90
2018	\$6.49
2019	\$7.14

# **Service / Program Descriptions:**

Name	Description
Sanitary Sewer Mains and laterals	The Sewer Department maintains over one hundred and twenty-five miles (125) of Sanitary sewer mains, over fifteen hundred (1,500) manholes and five (5) sewer pumping stations.
Inflow and Infiltration	The Sewer Department works in conjunction with the RHM Sewer Authority, Engineering and the Community Development Departments, to locate and eliminate any I&I entering our sanitary sewer system. The elimination of the I&I allowing our mains to have more capacity for flow and make available new connections for future planning modules.
Map Information	The Sewer Department works in conjunction with the Engineering Department to update all sanitary and storm sewer lines on the township map.

# **Line Item Descriptions:**

Line Item	Description
Operating Supplies	This line item funds the cost of items utilized for sewer operations.  This list includes root treatment chemicals, safety equipment, degreaser, manhole casting and lids, manhole risers, pipe, pumping station parts and supplies and other miscellaneous items.
Utilities	This line item funds the utilities (electric and water) needed to operate the sewer pumping stations. (PECO, Aqua PA)
Rentals	This line item funds the cost of rents paid to other municipalities for transporting sewage and treatment. These municipalities would include Tredyffrin Township, Upper Merion Township, Lower Merion Township and Haverford Township, and the Radnor Haverford Sewer Authority (RHM). The largest single fee being that of RHM.
Contractual Services	This line item funds the cost of maintenance contracts for the backup power systems at the sanitary sewer pumping stations.
Maintenance and Repairs Machinery & Equipment	This line item funds the repairs to the sewer cleaning (jet) truck, pickup truck, dump truck, and utility truck of the sewer division. (G.L. Sayre, H.A. DeHart, Gran Turk. NAPA)
Maintenance and Repairs Sewers	This line item funds the cost of repairs to the sanitary sewer mains and pumping stations. (Horn Plumbing, K.A. Seifert, PlyMar)
Contracted Maintenance and Repairs	This line item funds all costs associated with repairs to vehicles that cannot be completed in house. (G.L. Sayre, H.A. DeHart, Gran Turk

# Radnor Township, PA 2019 Township Manager Recommended Budget

Liquid Fuels Fund #03

## **Department Summary:**

This fund is mandated by Pennsylvania law and is required to account for the State and County contributions to Radnor Township for road and related improvements.

## **Service / Program Descriptions:**

Name	Description
Snow & Ice Removal	The Public Works department contracts with the State to plow and remove snow and ice from certain state routes within Radnor Township. Therefore, a portion of the Township's expense associated with the purchase of salt is charged against this fund.
Road Construction	The Township contracts annually for various road resurfacing projects and utilizes these funds to accomplish that.
Traffic Lighting	Similar to the snow and ice removal, the Township incurs certain costs associated with traffic signals on State routes.

# Radnor Township, PA 2019 Township Manager Recommended Budget

Storm Water Management Fund #04

### **Department Summary:**

The Board of Commissioners created this fund in 2012, solely to deal with items regarding stormwater: flood mitigation, infrastructure repair/replacement, and regulatory requirements. The Stormwater Fee Ordinance established a \$29.00 per unit fee which is applied based on the (a) the type of property and (b) the amount of impervious coverage or size of the lot. In conjunction with this fee, the Stormwater Management Advisory Committee (SWMAC) was formed. The SWAMC provides valuable insight and input regarding the Capital Plan, flood mitigation projects, regulatory requirements, and other issues as required in reference to stormwater.

The purpose of this fund is to account for all the expenditures relating to stormwater management throughout the Township. Activities include compliance with Federal mandates (MS4, Pollution Reduction Plan), maintenance and repair of storm water infrastructure as well as capital improvements, installation, replacement of storm sewer infrastructure and all other activities as it relates to the management of storm water throughout the Township.

#### Service / Program Descriptions:

Name	Description
Stormwater Fund	Currently, there are many projects being considered to comply with the
	MS4 regulations, the cleaning and repairing of the North Wayne Field
	Basin, stormwater management projects upstream of the North Wayne
	Field basin, the Wayne Train Station SW Management project, and a
	failing culvert end wall and associated storm sewer on Roberts Road.
	(Meliora, Gannett Fleming, T&M Associates)

# Radnor Township, PA Public Works - Stormwater Fund 2019 Operating Budget Narrative

# Radnor Township, PA 2019 Township Manager Recommended Budget

Special Assessment Fund #06

# Radnor Township, PA Special Assessment Fund (#006) 2019 Operating Budget Narrative

## **Department Summary:**

This fund was established to account for the various sanitary sewer assessment projects that the Township has entered into with residents. These assessment projects included the installation of sanitary sewer lines to benefit very specific properties. The Township financed these projects through larger General Obligation Bond issuances. Then, each benefiting property is assessed their share of the principal and interest, payable over the twenty-year term of the bonds. The Finance Department is charged with the administration and collection of these assessment agreements and payments. All payments are deposited into this fund; and the proceeds are then transferred to the Debt Service Fund (#024) to be used to pay down the GO Bonds issued to finance the project.

The last assessment project installed by the Township was back in 2007. The

# Radnor Township, PA 2019 Township Manager Recommended Budget

Department of Justice Equitable Sharing Fund #14

# Radnor Township, PA US Department of Justice Equitable Sharing Fund (#14) 2019 Operating Budget Narrative

## **Department Summary:**

The Radnor Police Department has recently enrolled in the US Department of Justice Equitable Sharing Program (the Program). The Program is an enforcement partnership which will allow the US Department of Justice to share forfeited property and proceeds with the Township. Consequently, the Board of Commissioners approved the creation of this fund on February 27, 2012 with Resolution 2012-29.

In order for the Township to participate, the Program Agreement requires that the Township establish a new special revenue fund to account for the proceeds and expenditure of the funds. Further, the Program Agreement goes into detail on exactly how the funds will be distributed and how they can be spent. Adoption of this Resolution, along with the Township's enrollment in the Program, will serve as direction to comply with the Agreement's stipulations. Without the proposed new fund, the Township will not be authorized to receive any forfeited property or proceeds resulting from partnered efforts with the US Department of Justice.

# Radnor Township, PA 2019 Township Manager Recommended Budget

Commemorative Shade Tree Fund #15

# Radnor Township, PA Commemorative Shade Tree Fund (#015) 2019 Operating Budget Narrative

## **Fund Summary:**

This fund was created in 2013 to account for the fees and donations generated under Chapter §263 of the Radnor Township Code. As stipulated under the Code, these funds should be used for certain activity. Annually, the Township budgets for the following programs associated with the Tree Program.

## **Service / Program Descriptions:**

Name	Description						
Big Tree Program	These appropriations use the donated funds from Chanticleer along with the residential contribution of \$35 to fund the purchase of "Big Trees" which are planted on participating residents' property. As indicated by the name, the trees planted are meant to help replace the tree canopy in Radnor.						
Street Tree Program	These appropriations use the donated funds from Chanticleer along with fines raised through the Code to replace trees along Township trees for decorative purposes.						
Park Tree Program	These appropriations use the fees generated from the Code to replace trees in various Township parks as recommended by the contracted Arborist, Parks and Rec Committee and Board of Commissioners.						
Contractual Services: Arborist	These appropriations use the fees generated from the Code to account for the contracted arborist's time for the programs funded by this Fund.

Grant Fund #16

### Radnor Township, PA Grant Fund (#016) 2019 Operating Budget Narrative

### **Fund Summary:**

This fund was created in 2014 to account for various grants that required the Township to establish an interest bearing account during the project period. The grants accounted for in this fund are typically paid-in-full at the start of the project; rather than reimbursed during / after the project. It's important to note that the accounting for the project expenses exists in the Capital Improvement Fund, or Bond Improvement Fund. Then, as the Township completes segments, the grant proceeds are transferred from this Grant Fund to the Fund in which the project expenses are being recorded in.

Most Township grants are reimbursable, therefore the activity in this fund has been diminishing in recent years. The only activity anticipated for 2018 is the run out of the remaining grants.

Police K9 Fund #17

### **Fund Summary:**

This fund was created by the Board of Commissioners 2013 to account for the activity associated with all the activity of the K9 program. The Board of Commissioners approved this program on a two-year trial program provided that enough donations / contributions are raised to fund the activity. Because of those stipulations, the Township elected to create a special revenue fund to account for the revenue and expense activity for the program. The two-year trial period concluded at the end of 2015. At that time, the Board of Commissioners elected to keep the program moving forward.

With the implementation of the new accounting software which will allow the Township to report specifically on K9 activity, the accounting has been moved to the General Fund beginning in 2018.

Fundraising efforts and K9 specific donations are still generated and are credited to the program.

### **Service / Program Descriptions:**

Name	Description
Police Overtime / Extra Duty	Accounts for the payroll related costs of the two officers for specific K9 activity time. Any time worked on regular shift is not charged to this fund since it's not specific to K9 Activity.
	For prescheduled details outside of normal working hours, the Township charges a fee to offset the cost of the officer, dog and equipment needed to perform a sweep.
Operating Supplies	Supplies needed to care for the canines.
Professional Development	Accounts for the K9 specific training needed for the officers and their canines.
Contractual Services	Accounts for contractual related costs for the program including uniform needs, veterinarian needs, etc.
Vehicles and Equipment	The program requires two vehicles: The Township successfully partnered with Land Rover of the Main Line to purchase an L4 Land Rover at \$20,000 for one of the K9 Units. Then, the Township retrofitted one of the older police vehicles for the other canine unit.

\$8.0 Million Settlement Fund #18

### **Fund Summary:**

This fund was created by the Board of Commissioners 2013 to account for the activity associated with the spending of the \$8.0 million business tax settlement realized in 2013. The Board adopted Resolution 2013-129 which allocated the settlement funds to be used as follows:

Project	Amount
ERP / Software Project	\$1,000,000
Willows Improvements	1,100,000
Kiosk Installation Project	450,000
Capital Program (2014)	1,518,310
Pension Funding (transferred to Trust)	2,701,690
Stormwater Funding (transferred to Fund 004)	1,230,000
Total	\$8,000,000

Note: This fund has been established as a "Budget for Life" fund, which means that the initial appropriations were approved by the Board in 2013 (as outlined above). Now, over the life of the projects, until the funds are exhausted, the appropriations carry over year after year (thus not needing to be re-appropriated annually).

### **Service / Program Descriptions:**

Name	Description
ERP / Software Project	In 2015, the Board adopted legislation authorizing the purchase or Tyler Munis software to include the General Ledger, Financial Reporting, Cash Receipting, HR/ Payroll, Work Orders, Recreation, Codes and Licenses and other smaller modules. The implementation is ongoing with Financials/ GL and HR/ Payroll having gone live in 2017. Other modules will go live at various points in 2018 and 2019.
Willows Improvements	These funds were initially set aside for the waterline replacement and bridge replacement. The bridge was replaced in 2014/2015. The waterline replacement is on hold pending the larger decision with the Mansion.
Kiosk Installation Project	This project includes replacing of all the parking meter heads throughout the Township with kiosks. This project is intended to give customers more payment options when parking, save the Township money, and generate additional revenue. This project was completed in 2015.
Capital Program (2014)	These funds were transferred in 2014 to cover the Township's capital program for that year (versus transferring General Fund dollars).
Pension Funding (transferred to Trust)	These funds were transferred in 2013 to the pension trust funds. 50% of the allocation went to each fund (police and civilian).
Stormwater Funding (transferred to Fund 004)	These funds were transferred to the Stormwater Management Fund (#004) as seed money to pay for the initial fee study and initial projects.

Park Impact Fee Fund #21

# Radnor Township, PA Park Impact Fee Fund (#021) 2019 Operating Budget Narrative

### **Fund Summary:**

This fund was created by the Board of Commissioners 2013 to account for the activity associated with §255.43.1 titled "Park and recreational land and fee requirements." As mandated under the Code, all fees paid by land owners under this Chapter are deposited into this special revenue fund. When the Board of Commissioners identify and approve projects where these funds are to be used, those dollars will be transferred from the Park Impact Fee Fund to the home fund where the rest of the project accounting exists.

For 2019, the only project that has been identified by the Board as a possible use of these funds is the restoration of the Willows Mansion (see the Board presentation on September 25, 2017). As of the date of this narrative, no formal decision or direction has been approved by the Board. Therefore, no appropriations are identified. In fact, since the fund's creation in 2013, no dollars have been spent or transferred. Instead, Park Impact Fees collected have accumulated year after year.

Park and Open Space Fund #22

### **Department Summary:**

This fund was created by the Board of Commissioners in 1994 to account for the transactions associated with the purchase of open space as well as to fund park and park facility improvements.

The primary funding source is 25% of the gross real estate transfer revenues.

### **Line Item Descriptions:**

Line Item	Description
Legal Services – General	Allocates funding for legal services needed regarding open space and land acquisitions.
Professional Services	Allocates funding for professional services such as insurance, legal services, and due-diligence reviews.
Park Improvements	Allocates funding for park improvement services such as comprehensive studies and concept plans, park reviews.
Land Acquisitions	Allocates funding for land acquisitions.

Ardrossan Acquisition Summary: Beginning in 2015, this fund houses the accounting for the Ardrossan open space land acquisition and financing. The plan, as presented with the adoption of the purchase agreement ordinance in December 2013, includes using any available funds generated by the 0.25% of reality transfer tax, after the 2009 GO Bonds are covered to be allocated to pay for a portion of the Ardrossan Bonds. As the forecast below suggests, the real estate transfer tax will most likely not be sufficient to fully fund the voted open space bond obligations. Therefore, additional resources will most likely be necessary. As the "Net Revenue" numbers suggest, roughly \$180,000 in 2019 will be necessary; either through voted millage (estimated to be 0.0500 mills) or General Fund Transfers at the \$180,000.

Willows Enterprise Fund #23

#### Department Summary:

The Willows Property is a 47-acre estate owned by Radnor Township that includes the Willows Park, Mansion and Cottage. Public Works and the Recreation & Community Programming Department work closely to oversee the property.

The Mansion has been closed for events for nearly seven years as the Township has evaluated several public-private partnerships and other proposals. In 2018, the Board entered into an agreement with a newly-formed 501(C)(3) Willows Park Preserve ("WPP"). At the same time, the Board approved transferring various amounts to support the \$1,000,000 donation pledged towards the improvement of the mansion. The amount was estimated based on a study performed and presented in the fall of 2017, which required approximately \$1.8 million.

To-date, the Township has engaged a professional architect to prepare improvement plans and cost estimates for the Mansion restoration / improvement. Updates are expected in November 2018 and will require Board direction on how to proceed (with the improvements and WPP).

### **Line Item Descriptions:**

Line Item	Description
Utilities	Electric and gas needed to keep the mansion warm enough to prevent frozen pipes and to keep the building's security system running.
Communications	The internet costs associated with the security system
Operating Supplies	Items needed to cover clean-up and other minor repair items that may come up during the year
Contractual Services	Services needed for major or skilled repairs
Maintenance and Repair: Buildings and Fixtures	Expenses needed to make repairs to the Mansion as they come up. These funds are not meant to cover any renovations or improvements to the Mansion.

Debt Service Fund #24

#### **Department Summary:**

This fund was created by the Board of Commissioners in 2009 to account specifically for the retirement of bond issues and other debt obligations. The proceeds of the fund are dependent upon what the proceeds of the bonds were used for. For 2018 the following tables summarize the budgeted activity.

The Township's outstanding principal debt balance at December 31, 2018 will be \$58,770,000, up from \$56,825,000 at December 31, 2017. The increase is from the new sanitary sewer borrowing late in 2018. In 2019, the Township will pay down \$2,830,000 in principal, ending the year with an outstanding balance of \$55,940,000. The beginning outstanding balance is made up in non-voted general obligations of the Township and voted open space bonds. Currently the Township has seven notes/bonds outstanding, Series 2015 (refunded 2009 Bonds which were originally the 2002AA and 2004A bonds), Series 2010 (refunded 2002A), Series 2012 (refunded 2007), 2013 (refunded 2004 / eliminated the Swap Agreement), Series 2014 open space bonds (Ardrossan), Series 2015 library improvement bonds, Series 2016 park/trail improvement bonds, and Series 2018 borrowed for emergency Sanitary Sewer projects. The table below reflects the summary of budgeted debt obligation transactions for 2019.

#### Footnotes:

- 1. The School District Millage Rates run from July 1 June 30. In the table above, the year in which the school district millage is included, is the year in which the School District adopted that millage rate. For example, the 2012 Millage rate of 21.8227 is for the July 1, 2012 June 30, 2013 school year.
- As a result of footnote #1, the Total millage rate adds the millage rates for the Township and County, plus the most recently approved rate from the School District. For example, the 2013 Total millage rate includes the 2013 millage rates for the Township and County, plus the 2012 millage rate from the School District

Exhibit B: Other Post Employment Benefit (OPEB) Funding Plan Details

#### Radnor Township OPEB - Funded Plan Study

Projected Annual Costs, Accrued Liabilities and Trust Fund Assets

#### **Summary Matrix of OPEB Funding Alternatives**

	Funding Scenarios	Incremental Cost (average over years until fully funded)	Incremental Cost Range	Year Fully Funded	Annual OI Expens Maximu	se	Comments	RE Tax Equivalent (to be used for informational purposes only, not as a prediction of future tax rates)	Cumulative RE Tax Increases (to be used for informational purposes only, not as a prediction of future tax rates)
Α		Varies - avg \$121,000 per year (through 2061 only)	(\$133,990) to \$507,926 (analysis through 2061 only)	Never	Unknow Perpetu	/n /	Unrealistic: Most expensive method over time, never addresses the unfunded status (which will continue to grow from it's current \$54 million)	Anywhere from 0.00% to 4.5% per year perpetually	48.75% (Through 2061 only)
В		Varies - avg \$190,000 per year	(\$252,233) to \$515,838	2052	\$ 9,47		\$6,365,125 drop at end (2053) when fully funded status is reached	1.63% per year until fully funded (on average)	63.42%
С	6 Year Ramp Up to Annual Required Contribution	Police Hires Normal	(\$34,430) to \$55,826 after ramp up period until the ramp down period (begins in 2049)	2053	\$ 6,28		6 Year Ramp Up + 30 years of amortization payments + 5 years of ramp down (total of 41 years)	2.94% annually through ramp up (6 yrs) then averages 0.64% through amortization period (before ramp down period)	28.68%
D	10 Year Ramp Up to Annual Required Contribution	\$200,000 per year for 10 years + New Police Hires Normal Cost	(\$34,779) to \$198,192 after the ramp up period until the ramp down period (begins in 2043)	2059	\$ 6,00		10 year ramp up + 19 years of amortization payments + 16 years of ramp down (total of 45 years)	2.08% annually through ramp up (10 yrs) then averages 0.68% through amortization period (before ramp down period)	24.22%
E	Immediate full funding of the Annual Required Contribution	Immediate \$3,136,028 increase	(\$80,776) to \$87,878	2037	\$ 5,67		\$3,438,810 drop off in annual OPEB expense at the end (2037)	27% in 2014, then relatively constant	27.23%
F	10 Year Ramp Up + New	Police Hires Normal	\$20,982 to \$107,624 after the ramp up period with \$2,874,976 fall off in 2049	2048	\$ 5,37		Manageable increment ramp up with \$2,874,976 fall off at fully funded.	1.93% annually through ramp up (10 yrs) then averages 0.41% through amortization period (before drop off at fully-funded)	28.03%

#### Additional OPEB Funding Recommendations to Consider:

- 1 Excess Fund Balances: The prior excess fund balance policy has expired. The Board should consider replacing the prior policy with a greater percentage going towards OPEB (and less to Comp. Abs.) Only to the extent that one time deposits are used to reduce the amortization requirement, not as a replacement of the normal cost requirement
- 2 One Time / Non-Reoccurring Revenues: The Board should consider making OPEB the primary benefactor of these revenues only to the extent that one time deposits are used to reduce the amortization requirement, not as a replacement of the normal cost requirement
- 3 **DVHIT Rate Stabilization:** To the extent that the Board elects to take advantage of Rate Stabilization savings from DVHIT, until fully funded, those proceeds should be allocated towards additionally funding the OPEB amortization not as a replacement of the normal cost requirement

#### Assumptions:

- $1.\ 4.5\%\ Asset\ rate\ of\ return\ and\ discount\ rate\ -\ Assumes\ Township\ contributions\ would\ be\ made\ mid-year$
- 2. Open employee group (includes all current retirees, current active employees and future police hires based on actuarial assumptions on age at hiring, age at retirement, and mortality tables)
- 3. All future civilian employees (union and non-union) would not be eligible for OPEB benefits
- 4. All aspects of the OPEB Funding / Liability should be reviewed at least biennially to adjust for changes in benefits, market conditions, actuarial assumptions or other factors that need realigning

#### Notes:

- 1. Pay Go Closed Group is the identical line from the CARFAC report presented in December 2012
- 2. New Empl Normal Cost represents the replacement Police Officer hires over time
- 3. Pay Go Closed 6 + New Employ Normal is the sum of the two expenses over time
- 4. The graph goes through 2061, but it should be noted that unless pre-funded, the Township's OPEB expense will continue perpetually, growing with the annual cost of providing the benefit
