CONTRACTOR <u>Torcon</u>	SUBCONTRACTOR(S) <u>Mayfield Gardens</u>
---------------------------------	---

LABOR FORCE	WORK PERFORMED
Superintendent <u>1</u>	<p>1.) Upon arrival to the site it was apparent that Mayfield Gardens and/or Torcon had still not addressed the E&S control issue. They had informed me that this issue would be taken care of yesterday (03/08/2016). The E&S control was originally scheduled to be completed on Monday (03/07/2016), but was pushed back to Tuesday (03/08/2016). I was informed by Torcon that the delay in addressing this issue was the result of Torcon's subcontractor not being able to get onsite at that time. I explained to Doug (Torcon) that this was an E&S control issue and it take precedence over construction and must be addressed in a timely matter.</p> <p>2.) Mayfield Gardens has a small crew of four (4) laborers onsite to address these issues.</p> <p>3.) The slope was raked then seeded and matted using pins to secure it in place.</p> <p>4.) Mayfield Gardens left the site as I was doing my inspection and did not clean the sidewalk of dirt and straw mulch that was used to address the E&S control issue. I notified Doug (Torcon) that the sidewalk needed to be cleaned of all dirt and/or debris. The sidewalk was not cleaned in a timely matter as I was informed.</p> <p>5.) I drove by the area on my way out of the site and noticed that the sidewalk had finally been cleaned as previously indicated by Doug (Torcon).</p>
